Resignation – Effective from 31-12-25

Dear [Manager's Name],

I hope you are doing well. I am writing to formally submit my resignation from my position as Junior Frontend Developer, effective from 31-12-2025.

This decision comes as I have recently gotten married and will be relocating, which makes it difficult for me to continue in my current role. I am sincerely grateful for the opportunities, guidance, and support I have received during my time here, and I have learned a great deal from the team and projects, including the successful completion of the SkillUp app.

I will ensure a smooth handover of my responsibilities and assist in any way possible during the transition period. Thank you once again for your understanding and support.

Warm regards,
